

## Happy Holidays to The UASF Troops!

I have some *good news* to help you start your well-deserved winter recess. At the Board of Ed. meeting on Tuesday, December 13, 2016, a salary increase was approved for our bargaining unit. That is ALL Program Administrators, EED Administrators, Principals, Supervisors and Assistant Principals who are represented by United Administrators of San Francisco.

A 2% (two) increase will be added to your salary moving forward starting January 2017. It will be reflected in your January 31, 2017 paycheck. It is **NOT** retroactive. This is not enough to bring justice to the amount of work you all do, but it does depict a 7% increase for the 2016 calendar year.

UASF leadership will continue to advocate on your behalf to grow to a just wage for all the hard work you accomplish on behalf of the children of SF.

Enjoy the break and holidays with family and friends.

*In Union, there is strength.*

Jean Robertson, Principal and President of UASF
